1. NEW GENESIS ANGEL

The beauty of this world is often created by **those like angel who take the first step forward!**

In a certain country, there is a social organization of a certain ethnic group that provides free education, work, life, business and other assistance to new immigrants of that ethnic group. If the new immigrant successfully finds a job or starts a business, they will donate about 10% of their annual income to this organization.

Individuals can receive better tax exemptions, and this organization can receive a continuous stream of funds to serve more new immigrants of that ethnic group.

The beauty of this world is often created by those like angel who take the first step forward!

Based on similar ideas, Angel Fund Coin was born!

The issuer will use all the angel fund coins sold to support the world's cutting-edge and responsible entrepreneurial teams, but will not hold equity in the entrepreneurial teams because traditional valuation, complex due diligence, and equity negotiations often reduce efficiency, increase waste, hinder innovation, and may even bury the genius who leads the world. There may be multiple entrepreneurial teams, and their projects focus on industry collaboration cloud digital systems, humanoid intelligent robots, AI, and Web3, etc. that are at the forefront of the industry trend.

**Glory belongs to

who jointly mint
the Angel Fund
Coin!**

There is no centralized project party! Regardless of priority, poverty, wealth, or social status, fully decentralized voluntary, autonomous, and self-governing, with emphasis on participation! As long as one holds a beautiful heart, they can selflessly dedicate themselves, choose and help cutting-edge innovators and entrepreneurs on their own. Countless contributors gathered together can significantly promote world progress!

2. ANALYSIS OF THE INVESTMENT VALUE OF ANGEL FUND COINS

Angel Fund Coin co-founders or partners do not hold equity in the invested project, but all Angel Fund Coin keepers receive a special right to the invested project. The value of this right will continue to increase, it can be transferred, and there will be continuous dividends.

As such, the price of Angel Fund Coin itself is reasonably expected to continue to rise in a wave like manner.

3. MISSION AND OBJECTIVES

The mission is to gather a large number of Genesis "angels" in the world, transforming the old investment model into "investing in you but not holding your equity", creating more efficient and decentralized unique win-win social value, humanistic value, technological value, and economic value!

The objectives include:

(1) To establish a distributed community of Genesis angels with a shared belief worldwide.

(2) To create Angel Fund Coin, a new distinct cryptocurrency, essentially forms one of the best and largest angel investment funds in the world.

(3) To lead the investment revolution, significantly promoting technological innovation, financial innovation, and social innovation that are at the forefront of industries that can change the world.

“When runes become faith and consensus,
this is the strongest moat!”

4. APPROACH

(1) Design Angel Fund Coin, a new and unique cryptocurrency, and establish an English and Chinese official website to announce it globally.

(2) Establish a co-founder mechanism where all individuals involved in issuing and triggering mintage are co-founders of Angel Fund Coin. According to the voluntary principle, the official website of Angel Fund Coin will promptly promote the deeds of the co-founders. Angel fund coins can be established without private equity investors in the initial stage, and the actual private equity investors can also be co-founders.

(3) Establish a coinage quantity mechanism for angel fund coins, where the total quantity of angel fund coins is determined by the sum of the coinage quantities of each co-founder.

(4) Establish a mechanism for minting, selling, and investing angel fund coins triggered by the co-founder. All proceeds from the sale of the angel fund coins will be unconditionally and “non equity” invested in entrepreneurs in popular fields such as industrial collaboration cloud digital systems, humanoid intelligent robots, AI, Web3, etc. These entrepreneurs can reasonably include the co-founders of the angel fund coins themselves. Co-founders' angel fund coin wallet address must be unconditionally monitored.

(5) Establish a linkage mechanism between angel fund coins and the business model in the Web2 field.

Co founders can design, plan, and implement a reasonable business model based on their clients, consumers, suppliers, employees, and other stakeholders in the Web2 field while selling their minted coins. For example, in some countries or regions, investors are encouraged to receive some consumable products without additional pay for every \$1 invested in angel fund coins. These products may include health products, lifestyle products, etc.

(6) Establish a mechanism for the withdrawal of co-founders. If the co-founder fails to use all the funds from the angel fund for dedication after liquidation, their status as a co-founder will be automatically revoked.

(7) Establish a mechanism for alternate co-founders or partners. Angel Fund Coin investors who fail to become co-founders can become alternate co-founders or partners, as long as they invest a portion of their liquidated proceeds in entrepreneurs in hot fields such as the industrial collaboration cloud digital system, humanoid intelligent robots, AI, and Web3, without occupying equity positions. These entrepreneurs can reasonably include the Angel Fund Coin co-founders themselves.

(8) Establish a dividend return mechanism for invested projects, where entrepreneurial teams supported by "investing in you but not holding your equity"

unconditionally, voluntarily, and consciously return 1-10% of project profits annually to all investors of angel fund coins for dividends.

Angel Fund Coin --

A new distinct shared consensus and belief!

1. 新創世天使

這個世界的美好往往是由像天使一樣先邁出一步的人創造的！

在某個國家有這樣一個某民族的社會組織，其為該民族新移民提供免費的教育、工作、生活、生意等各方面幫助，該新移民若成功找到工作或創業成功，則將每年收入的約10%捐給這個組織，個人可以獲得較好的稅務減免，這個組織可以得到源源不斷的資金從而可為更多該民族的新移民服務。

這個世界的美好往往是由像天使一樣先邁出一步的人創造的！

基於類似思想，天使基金幣誕生了！發行者將賣掉的天使基金幣全部用於支持世界上有擔當的前沿創業團隊，但不佔有創業團隊的股權因為傳統的價值評估、複雜的盡調和股權談判往往降低了效率、增加了浪費和阻礙了創新，甚至可能埋沒了引領世界的天才。創業團隊可能有多個，他們的項目聚焦於處於行業風口的產業協作雲數位化系統、具身智慧型機器人、AI、Web3等。創業團隊無條件地、自願、自覺將每年項目利潤的一部分（通常為1-10%）給天使基金幣投資者進行分紅。投資者不佔被投資項目股權但卻得到了被投資項目的一種特殊權利，這種權利的價值會不斷增長，可進行轉讓，且有持續的分紅。

沒有中心化的項目方！不分先後，不分貧富貴賤，完全去中心化自願、自主和自治，重在參與！只要心存美好，均可無私奉獻，自行選擇和幫助前沿創新創業者，無數奉獻者彙聚起來就可顯著推動世界進步！

被天使基金幣聯合創始人和合夥人支持的項目聚焦於處於行業風口的產業協作雲數位化系統、具身智慧型機器人、AI、Web3等。

創業團隊無條件地、自願、自覺將每年項目利潤的一部分（通常為1-10%）給天使基金幣投資者進行分紅

2. 天使基金幣的投資價值分析

天使基金幣聯合創始人或合夥人不占被投資項目股權但卻讓天使基金幣的所有持有者得到了被投資項目的一種特殊權利，這種權利的價值會不斷增長，可進行轉讓，且有持續的分紅。

正因如此，天使基金幣本身的價格被合理期待一定持續波浪式上升。

3. 使命和目標

使命是集聚全球大量有共識的創世“天使”，將舊投資模式變革成“投資你但不占你股權”，創造更加高效、更加去中心化的獨特共贏社會價值、人文價值、科技價值和經濟價值！

目標包括：

- (1) 在全球建立有共同信仰的分散式創世“天使”社區。
- (2) 創造天使基金幣這樣一種全新獨特加密貨幣，實質上形成世界上最好、最大之一的天使投資基金。
- (3) 引領投資革命，顯著推進處於能改變世界的行業風口的科技創新、金融創新和社會創新。

“當符號成為信仰、共識，這即是最強護城河！”

4. 實施方案

(1) 設計天使基金幣這樣一種全新獨特的加密貨幣，並建立一個英文和中文官網，向全球公佈。

(2) 建立聯合創始人機制，所有參與發行、觸發鑄幣的人都是天使基金幣的聯合創始人。根據自願原則，天使基金幣官網將及時宣傳聯合創始人的事蹟。天使基金幣可以沒有創立初期的私募投資者，實際私募投資者也可以是聯合創始人。

(3) 建立天使基金幣的鑄幣數量機制，天使基金幣的總數量由每一個聯合創始人鑄幣的數量之和決定。

(4) 建立鑄幣、銷售和投資機制，聯合創始人觸發鑄造的天使基金幣在賣掉後的全部收益無條件、“不占股權”地投資給產業協作雲數位化系統、具身智慧型機器人、AI、Web3等風口領域的創業家，這些創業家可以合情合理地包含天使基金幣聯合創始人自己。聯合創始人的天使基金幣錢包地址必須無條件地接受監控。

(5) 建立天使基金幣與Web2領域商業模式聯動機制，聯合創始人在出售自己鑄造的幣的同時，可以結合自己所從事的Web2領域的客戶、消費者、供應商、員工等進行合理的商業模式設計、規劃和實施。例如在部分國家或地區，投資者被鼓勵每投1美元購買天使基金幣，將獲贈一些可消費的產品。這些產品可能包括保健產品、生活品等。

(6) 建立聯合創始人退出機制，只要不能做到天使基金幣變現後全部用於奉獻，則該聯合創始人身份自動取消。

(7) 建立候補聯合創始人或合夥人機制，未能成為聯合創始人的天使基金幣投資者可以成為候補聯合創始人或合夥人，只要將變現後的部分收益“不占股權”地投資給產業協作雲數位化系統、具身智慧型機器人、AI、Web3等風口領域的創業家，這些創業家可以合情合理地包含天使基金幣聯合創始人自己。

(8) 建立被投資項目的分紅回報機制，被“投資你但不占你股權”支持的創業團隊無條件、自願和自覺地每年將項目利潤的1-10%回報給天使基金幣所有投資者進行分紅。
